**The majority of citizens in the United States of America have never read the United States of America's Constitution.**

**You don't have to accept the federalist laws.**

**Nonetheless, read the United States of America's Constitution apprehend all of the current treasorous laws.**

**You're literate, listener?**

**Thus, the revolutionary's from the revolution are in control of the land and laws.**

**In conclusion, reading the second United States Constitution, I can't trust the current government because of the ratifications: The government is implying mind control and brainwash on the people by the controlling grammar.**

**No! I won't pay dept with a currency that's not backed by gold and silver!**

**No! I won't trust in God!**

**What's government if words don't have meaning?**

**Hello, my name is Jared Lee Loughner.**

**This video is my introduction to you! My favorite activity is conscience dreaming; the greatest inspiration for my political business information. Some of you don't dream – sadly.**

**Firstly, the current government officials are in power for their currency, but I'm informing you for your new currency! If you're treasurer of a new money system, then you're responsible for the distributing of a new currency. We now know – the treasurer for a new money system, is the distributor of the new currency. As a result, the people approve a new money system which is promising new information that's accurate, and we truly believe in a new currency. Above all, you have your new currency, listener?**

**Secondly, my hope – is for you to be literate! If you're literate in English grammar, then you comprehend English grammar. The majority of people, who reside in District-8, are illiterate – hilarious. I don't control your English grammar structure, but you control your English grammar structure.**

**Thirdly, I know who's listening: Government Officials, and the People. Nearly all the people, who don't know this accurate information of a new currency, aren't aware of mind control and brainwash methods. If I have my civil rights, then this message wouldn't have happen.**

**In conclusion, my ambition – is for informing literate dreamers about a new currency; in a few days, you know I'm conscience dreaming!  
Thank you!**
